Co-opted Member	Mr Gary Ong Wei Kiat
Co-opted Member	Mr Tan Si Hao
Co-opted Member	Mr Jeremy Marois

SINGAPORE DRAGON BOAT ASSOCIATION

MANAGEMENT COMMITTEE MEMBERS' REPORT - 31 MARCH 2022

Independent Auditors

The independent auditors, Messrs Thong & Lim, Chartered Accountants, have expressed their willingness to accept re-appointment.

In the opinion of the Management Committee,

- (a) the financial statements of Singapore Dragon Boat Association (the "Association") as set out on page 5 to 24 are drawn up so as to give a true and fair view of the financial position of the Association as at 31 March 2022 and of the financial performance, changes in fund and cash flows of the Association for the financial year then ended; and
- (b) at the date of this statement, there are reasonable grounds to believe that the Association will be able to pay its debts as and when they fall due.

On behalf of the Management Committee,

Dr Chia Shi-Lu
President

4 August 2022

Mr Wong Ee Chan
Honorary-Treasurer

SINGAPORE DRAGON BOAT ASSOCIATION

STATEMENT OF FINANCIAL POSITION AS AT 31 MARCH 2022

TO THE MEMBERS OF SINGAPORE DRAGON BOAT ASSOCIATION

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Singapore Dragon Boat Association (the "Association"), which comprise the statement of financial position as at 31 March 2022, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements are properly drawn up in accordance with the provisions of the Societies Act, Chapter 311 (the "Societies Act"), the Charities Act, Chapter 37 (the "Act") and Financial Reporting Standards in Singapore ("FRS") so as to give a true and fair view of the financial position of the Association as at 31 March 2022 and of the financial performance, changes in equity and cash flows of the Association for the year ended on that date.

Basis for opinion

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Association in accordance with the Accounting and Corporate Regulatory Authority ("ACRA") Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other information

The Management Committee is responsible for the other information. The other information comprises the Statement by Management Committee but does not include the financial statements and our report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed on the other information that we obtained prior to the date of this report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management Committee for the financial statements

Management Committee is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Societies Act, the Act and FRSs, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, Management Committee is responsible for assessing the Association's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management Committee either intends to liquidate the Association or to cease operations, or has no realistic alternative but to do so.

The Management Committee's responsibilities include overseeing the Association's financial reporting process.

SINGAPORE DRAGON BOAT ASSOCIATION

STATEMENT OF FINANCIAL POSITION AS AT 31 MARCH 2022

Report on the Audit of the Financial Statements (continued)

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management Committee.
- Conclude on the appropriateness of Association's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Association's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Association to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Management Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

In our opinion, the accounting and other records required by regulations enacted under the Act to be kept by the Association have been properly kept in accordance with those regulations.

During the course of audit, nothing has come to our attention that causes us to believe that during the financial year:

- a) The use of donation monies was not in accordance with the objectives of the Fund as required under regulation 11 of the Charities (Institution of a Public Character) Regulations; and
- b) The Fund has not complied with the requirements of regulation 15 (Fund-raising expenses) of the Charities (Institution of a Public Character) Regulations 2008.

Cash and cash equivalents at end of year	17	816,173	772,488

The accompanying notes form an integral part of these financial statements.

SINGAPORE DRAGON BOAT ASSOCIATION

NOTES TO THE FINANCIAL STATEMENTS - 31 MARCH 2022

These notes form an integral part of the financial statements.

1. CORPORATE INFORMATION

Singapore Dragon Boat Association (the "Association") is registered in the Republic of Singapore and has its registered office at 3 Stadium Drive, #01-33 Singapore 397630. The Association is registered under the Singapore Societies Act, Cap.311 and Charities Act, Chapter 37. The Association has been approved as an Institute of a Public Character (IPC) for the period from 1 January 2021 to 31 December 2023.

The principal activities of the Association are to promote, organise, control and safeguard Dragon Boat events in all its aspects, as well as to arrange and assist Dragon Boat races and related activities at local, national and international level.

2. SIGNIFICANT ACCOUNTING POLICIES

a) Basis of preparation

These financial statements have been prepared in accordance with the Societies Act, Chapter 311, Charities Act, Chapter 37 and Singapore Financial Reporting Standards (FRS). Management Committee has determined the Association's functional currency, being the currency of the primary economic environment in which it operates, to be the Singapore dollar (S\$). The financial statements, which are presented in Singapore dollars, have been prepared on a historical cost basis, except as disclosed in the accounting policies below.

The accounting policies adopted are consistent with those of the previous financial year, except in the current financial year, the Association has adopted all new and revised FRSs and Interpretations of FRS (INT FRS) relevant to its operations and which came into effect for annual periods beginning on or after 1 January 2021. Changes to the Association's accounting policies have been made as required, in accordance with the transition provisions in the respective FRS and INT FRS. The adoption of these new or amended FRS and INT FRS did not result in significant changes to the Association's accounting policies and did not have a material effect on the amounts reported for the current or prior financial years.

The preparation of financial statements in conformity with FRS requires Management Committee to make judgements, estimates and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities, income and expenses, and disclosures made. Although these estimates and underlying assumptions are based on historical experience and other factors, including expectation of future events that are believed to be reasonable under the circumstances, actual results could ultimately differ from those estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

There are no judgements made by Management Committee in the application of FRS that have a significant effect on the financial statements and in arriving at estimates with a significant risk of material adjustment in the next financial year.

b) Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and any accumulated impairment losses. All items of property, plant and equipment are initially recorded at cost.

The initial cost of an item of property, plant and equipment comprises its purchase price and any directly attributable costs of bringing the asset to working condition for its intended use. Any trade discounts and rebates are deducted in arriving at the purchase price. Dismantlement, removal or restoration costs are included as part of the cost of property, plant and equipment if there is such an obligation when acquiring or using the asset. Subsequent expenditure relating to an item of property, plant and equipment that has already been recognised is added to the carrying amount of the asset when it is probable that future economic benefits, in excess of the originally assessed standard of performance of the existing asset, will flow to the Association. All other subsequent expenditure is recognised as an expense in the period in which it is incurred.

SINGAPORE DRAGON BOAT ASSOCIATION

NOTES TO THE FINANCIAL STATEMENTS - 31 MARCH 2022

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

b) Property, plant and equipment (continued)

Depreciation of the property, plant and equipment is calculated on the straight-line method to allocate their depreciable amounts (costs less residual values) over their estimated useful lives as follows:

Leasehold land and building	term of the lease
Boats	5 years
Computer and office equipment	3 years

The residual values and useful lives of property, plant and equipment are reviewed, and adjusted as appropriate at each reporting date.

Fully depreciated property, plant and equipment still in use are retained in the financial statements and no further charge for depreciation is made in respect of these assets.

On disposal or retirement of an item of property, plant and equipment, the difference between the net disposal proceeds and its carrying amount is taken to profit or loss. Any amount in the asset revaluation reserve relating to that asset is transferred directly to accumulated earnings.

c) Impairment of non-financial assets

Management Committee assesses at each reporting date whether there is any indication that an asset may be impaired. If any such indication exists, or when an annual impairment testing for an asset is required, the recoverable amount of the asset is estimated and an impairment loss is recognised as an expense in profit or loss whenever the carrying amount of the asset exceeds its estimated recoverable amount.

When an impairment loss is subsequently reversed, the carrying amount of the asset is increased to the revised estimated recoverable amount, but not exceeding the carrying amount that would have been determined (net of amortisation or depreciation) had no impairment loss been recognised for the asset in prior years.

d) Financial assets

The Association classifies its financial assets into the following measurement categories: amortised cost; fair value through other comprehensive income; and fair value through profit or loss. Classification depends on the Association's business model for managing the financial assets as well as the contractual terms of the cash flows of the financial asset.

At initial recognition, the Association measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Association has transferred substantially all risks and rewards of ownership.

On disposal of a debt instrument, the difference between the carrying amount and the sale proceeds is recognised in profit or loss. Any amount previously recognised in other comprehensive income relating to that asset is reclassified to profit or loss.

On disposal of an equity investment, the difference between the carrying amount and sales proceed is recognised in profit or loss if there was no election made to recognise fair value changes in other comprehensive income. If there was an election made, any difference between the carrying amount and sales proceed amount would be recognised in other comprehensive income and transferred to retained earnings along with the amount previously recognised in other comprehensive income relating to that asset.

SINGAPORE DRAGON BOAT ASSOCIATION

NOTES TO THE FINANCIAL STATEMENTS - 31 MARCH 2022

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

d) Financial assets (continued)

There are three prescribed subsequent measurement categories, depending on the Association's business model in managing the assets and the cash flow characteristics of the assets. The following categories are relevant to the Association's operations:

Amortised cost

Debt instruments that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest, are categorised as and subsequently measured at amortised cost using the effective interest method, less impairment. Gains and losses on debt instruments are recognised in profit or loss when the asset is derecognised or impaired.

Debt instruments of the Association mainly comprise cash and bank balances and deposits, trade and other receivables and prepayment.

Trade receivables are measured at the amount of consideration to which the Association expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of a third party, if the trade receivables do not contain a significant financing component at initial recognition.

The Association assesses on a forward looking basis the expected credit losses associated with its debt instruments carried at amortised cost. For trade receivables, the Association applies the simplified approach which requires expected lifetime losses to be recognised from initial recognition of the receivables.

For cash and bank balances and deposits, and amounts due from related parties, the general 3 stage approach is applied. Credit loss allowance is based on a 12-month expected credit loss if there is no significant increase in credit risk since initial recognition of the assets. If there is a significant increase in credit risk since initial recognition, lifetime expected credit loss will be calculated and recognised.

e) Trade and other payables

Trade and other payables are initially recognised at fair value, and subsequently carried at amortised cost using the effective interest method.

f) Borrowings

Borrowings are initially measured at fair value, net of transactions costs, and subsequently measured at amortised costs, using the effective interest method. Any difference between the proceeds (net of transaction costs) and the settlement or redemption of borrowings is recognised over the term of the borrowings in accordance with the accounting policy for borrowing costs below.

Borrowings are classified as current liabilities unless there is an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.

g) Borrowing costs

Borrowing costs are capitalised as part of the cost of a qualifying asset if they are directly attributable to the acquisition, construction or production of that asset. Capitalisation of borrowing costs commences when the activities to prepare the asset for its intended use or sale are in progress and the expenditures and borrowing costs are incurred. Borrowing costs are capitalised until the assets are substantially completed for their intended use or sale. All other borrowing costs are expensed in the period they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

h) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Association currently has a legally enforceable right to set off the recognised amounts; and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously. Financial liabilities comprise loans and borrowings, bank overdrafts and trade and other payables.

SINGAPORE DRAGON BOAT ASSOCIATION

NOTES TO THE FINANCIAL STATEMENTS - 31 MARCH 2022

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

i) Provisions

Provisions are recognised when the Association has a present obligation (legal or constructive) as a result of a past event, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are measured at Management Committee's best estimate of the expenditure required to settle the present obligation at the reporting date, and are discounted to present value when the effect is material. Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount receivable can be measured reliably.

j) Funds

All income and expenditures are reflected in the statement of comprehensive income. Income and expenditures specifically relating to any of the funds separately set up by the Association are allocated subsequently to those funds. Fund balances restricted by outside sources are so indicated and are distinguished from unrestricted funds allocated to specific purposes, if any, by action of the management. Externally restricted funds may only be utilized in accordance with the purposes established by the source of such funds or through the terms of an appeal and are in contrast with unrestricted funds over which management retains full control to use in achieving any of its Association purposes. An expense resulting from the operating activities of a fund that is directly attributable to the fund is charged to that fund. Common expenses if any are allocated on a reasonable basis to the funds based on a method most suitable to that common expense unless impractical to do so.

k) Government grants

Government grants are recognised at their fair value where there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. Where the government grant relates to an asset, the grant is credited to a deferred income account in the statement of financial position and is amortised to profit or loss over the expected useful life of the relevant asset by equal annual instalments.

Other government grants are recognised as income over the periods necessary to match them with the costs for which they are intended to compensate, on a systematic basis. Government grants that are receivable for the purpose of giving immediate financial support to the Association with no future related costs are recognised in profit or loss in the period in which they become receivable.

l) Leases

As lessee

At the inception of the contract, the Association assesses if the contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

At commencement or on modification of a contract that contains a lease component, the Association allocates the consideration in the contract to each lease component on the basis of its relative stand-alone price. The Association has elected not to separate lease and non-lease components for property leases and accounts for these as one single lease component.

The Association recognises a right-of-use ("ROU") asset and lease liability at the date which the underlying asset is available for use. ROU assets are initially measured at cost which comprises the initial measurement of lease liabilities adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The ROU asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the ROU asset or the end of the lease term.

SINGAPORE DRAGON BOAT ASSOCIATION

NOTES TO THE FINANCIAL STATEMENTS - 31 MARCH 2022

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

l) Leases (continued)

Lease liabilities are initially measured at the present value of lease payments discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the lessee's incremental borrowing rate.

Lease payments included in the measurement of the lease liability comprise the following:

- a. Fixed payments, including in-substance fixed payments;
- b. Variable lease payments that are based on an index or rate, initially measured using the index or rate as at the commencement date;
- c. Amounts expected to be payable under a residual value guarantee; and
- d. The exercise price under a purchase option that the Association is reasonably certain to exercise, lease payments in an optional renewal period if the Association is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Association is reasonably certain not to terminate early.

Lease liabilities are measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Association's estimate of the amount expected to be payable under a residual value guarantee, if the Association changes its assessment of whether it will exercise a purchase, extension or termination option or if there is a revised in-substance fixed lease payment.

On remeasurement of the lease liability, a corresponding adjustment is made to the carrying amount of the ROU asset, or is recorded in profit or loss if the carrying amount of the ROU asset has been reduced to zero.

The Association's ROU assets and lease liabilities are presented within property, plant and equipment, and borrowings respectively.

Short-term leases and leases of low-value assets

The Association has elected not to recognise ROU assets and lease liabilities for leases of low-value assets and short-term leases that have lease terms of 12-months or less. The Association recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

As lessor

Rental income from operating leases (net of any incentives given to the lessees) is recognised on a straight-line basis in profit or loss over the term of the lease. Initial direct costs incurred in negotiating an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same bases as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

m) Employee benefits

Employee entitlements to annual leave are recognised when they accrue to employees as a result of services rendered by them up to the reporting date. A provision is made for the estimated liability for annual leave accrued and not yet taken by the reporting date.

For qualifying employees, the Association makes mandatory contributions to the Central Provident Fund scheme, a defined state contribution plan. These contributions are recognised as staff costs in the period in which the related service is performed.

Key management personnel

Key management personnel are those persons having the authority and responsibility for planning, directing and controlling the activities of the entity. Management Committees are considered key management personnel.

SINGAPORE DRAGON BOAT ASSOCIATION

NOTES TO THE FINANCIAL STATEMENTS - 31 MARCH 2022

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

n) Revenue recognition

Revenue from contracts with customers for the sale of goods or provision of services in the ordinary course of business is recognised when the Association satisfies a performance obligation by transferring control of a promised good or service to the customer. The amount of revenue recognised is the amount of the transaction price allocated to the satisfied performance obligation.

The transaction price is the amount of consideration in the contract to which the Association expects to be entitled in exchange for transferring the promised goods or services. The transaction price may be fixed or variable and is adjusted for time value of money if the contract includes a significant financing component. Consideration payable to a customer is deducted from the transaction price if the Association does not receive a separately identifiable benefit from the customer. When consideration is variable, the estimated amount is included in the transaction price to the extent that it is highly probable that a significant reversal of the cumulative revenue will not occur when the uncertainty associated with the variable consideration is resolved. Revenue may be recognised at a point in time or over time following the timing of satisfaction of the performance obligation. If a performance obligation is satisfied over time, revenue is recognised based on the percentage of completion reflecting the progress towards complete satisfaction of that performance obligation.

The transaction price is allocated to each performance obligation in the contract on the basis of the relative stand-alone selling prices of the promised goods or services. The individual stand-alone selling price of a good or service that has not previously been sold on a stand-alone basis, or has a highly variable selling price, is determined based on the residual portion of the transaction price after allocating the transaction price to goods and/or services with observable stand-alone selling prices. A discount or variable consideration is allocated to one or more, but not all, of the performance obligations if it relates specifically to those performance obligations. More specifically:

Course fee

Course fee is recognised on accrual basis when due and payable.

Event revenue and prize income

Event revenue and prize income are recognised when the event occurs.

Donations and sponsorships

Income from donations and sponsorships are accounted for when received, except from committed donations and sponsorships that are recorded when there is certainty over the amount committed by the donors and over the timing of the receipt of the donations and sponsorships.

Rental income

Rental income arising on operating leases is accounted for on a straight-line basis over the lease term. The aggregate costs of incentives provided to lessees are recognised as a reduction of rental income over the lease term on a straight-line basis.

Government grants

Government grants are recognised at fair value when there is reasonable assurance that the conditions attaching to them will be complied with and that the grants will be received. Grants in recognition of specific expenses are recognised in profit or loss on a systematic basis over the periods necessary to match them with the related costs that they are intended to compensate. The grant related to assets is presented in the statement of financial position by recognising the grant as deferred income that is recognised in profit or loss on a systematic basis over the useful life of the asset and in the proportions in which depreciation expense on those assets is recognised. The grant related to assets is deducted in calculating the carrying amount of the asset and therefore the grant is recognised in the statement of comprehensive income over the life of a depreciable asset as a reduced depreciation expenditure.

Sponsorship income in-kind

Sponsorship income in-kind is included in the statement of comprehensive income based on an estimate of the fair value at the date of the receipt of the gift of the non-monetary asset or the grant of a right to the monetary asset. The sponsorship is recognised if the amount of the sponsorship can be measured reliably and there is no uncertainty that it will be received.

SINGAPORE DRAGON BOAT ASSOCIATION

NOTES TO THE FINANCIAL STATEMENTS - 31 MARCH 2022

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

n) Revenue recognition (continued)

Membership entrance and affiliation fee income

Membership entrance and affiliation fee income is recognised on a straight-line basis over the subscription period.

o) Income tax

The Association is an approved charity organisation under the Charities Act, Chapter 37. No provision for taxation has been made in the financial statements as the Association is exempt from income tax in accordance with the provisions of the Income Tax Act, Chapter 134.

p) Foreign currencies

Transactions in foreign currencies are recorded in Singapore dollars by applying the exchange rates at the date of the transactions. At each reporting date, foreign currency monetary items are translated using the closing exchange rate. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of the transaction. Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined.

Exchange differences arising on the settlement of monetary items or on translating monetary items at the reporting date are recognised in profit or loss for the period in which they arise.

When a gain or loss on a non-monetary item is recognised in other comprehensive income, any exchange component of that gain or loss is recognised directly in other comprehensive income. Conversely, when a gain or loss on a non-monetary item is recognised in profit or loss, any exchange component of that gain or loss is recognised in profit or loss.

q) Related parties

Entities and individuals that directly or indirectly, through one or more intermediaries, control, or are controlled by, or are under common control with the Association, are related parties of the Association. Associates and individuals owning, directly or indirectly, an interest in the voting power of the Association that gives them significant influence over the entity, key management personnel, including Management Committee Members of the Association and close members of the family of these individuals and companies associated with these individuals, also constitute related parties.

In considering each possible related party relationship, attention is directed to the substance of the relationship, and not merely the legal form.

r) Cash and cash equivalents

Cash and cash equivalents consist of cash and bank balances and deposits less bank overdrafts and other short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. For cash subjected to restriction, assessment is made on the economic substance of the restriction and whether they meet the definition of cash and cash equivalents.

s) Conflict of interest policy

Management Committee Members are expected to avoid actual and perceived conflicts of interest. Where Management Committee Members have personal interest in business transactions or contracts that the Association may have entered into, or have vested interest in other organisations that the Association have dealings with or is considering to enter into joint ventures with, they are expected to declare such interest to the Management Committee Members as soon as possible and abstain from discussion and decision-making on the matter.

Where such conflicts exist, the Management Committee Members will evaluate whether any potential conflicts of interest will affect the continuing independence of Management Committee Members and whether it is appropriate for the Management Committee Member to continue to remain on the Management Committee.

Sports Equipment Fund

This fund raised by the Association is to provide funding for the purchase of dragon boat.

OTSF Fund

The One Team Singapore Fund (OTSF) was created to enable all supporters of Team Singapore to contribute towards strengthening the High-Performance Sport system. It offers matching grants from the Government for donations channelled towards supporting Team Singapore Athletes with an annual cap amount of S\$400,000 with no time restriction on the use.

10. UNRESTRICTED FUNDS

	2022 S\$	2021 S\$
Unrestricted Funds – Accumulated Funds	<u>711,317</u>	<u>685,212</u>

The reserves of the Association provide financial stability and the means for the development of the Association's activities. The Management Committee review the level of reserves regularly for the Association's continuing obligations.

11. INCOME

Income mainly represents contributions received and receivable for sports activities conducted during the year. The Association enjoys a concessionary tax treatment whereby qualifying donors are granted tax deduction for the donations made to the funds of the Association. The quantum of the tax deduction for each calendar year may vary as announced in the Singapore Budget. The Institutions of a Public Character status granted to the Association for donations is for the period from 1 January 2021 to 31 December 2023.

14. FINANCE COSTS

	2022 S\$	2021 S\$
Finance costs comprise interest on: Lease liabilities	3,674	1,665

15. OTHER OPERATING EXPENSES

	2022 S\$	2021 S\$
Included in other operating expenses are: Insurance	19,998	21,212
Trainers and steersman allowances	10,900	5,750

SINGAPORE DRAGON BOAT ASSOCIATION

NOTES TO THE FINANCIAL STATEMENTS - 31 MARCH 2022

16. SIGNIFICANT RELATED PARTY TRANSACTIONS AND BALANCES

	2022 S\$	2021 S\$
The Association's related party transactions are as follows:		
Events and boat races	3,045	4,485
Balances with Committee Members of the Association at the reporting date: Included under trade payables in the statement of financial position	2,505	1,350

17. CASH AND CASH EQUIVALENTS

	2022 S\$	2021 S\$
For the purpose of the statement of cash flows, cash and cash equivalents comprise the following at the end of the reporting period:		
Cash and bank balances	352,173	308,488
Fixed deposits	464,000	464,000
	816,173	772,488

Fixed deposits bear effective interest at an average rate of 0.00% (2021: 0.00%) per annum and are for an average tenor of 285 days (2021: 285 days).

Cash and cash equivalents are denominated in Singapore dollars.

DBS Bank Ltd is the banker of the Association

18. FINANCIAL RISK MANAGEMENT

The overall financial management of the Association is determined and carried out by management at their discretion and in the best interest of the Association. The Association is exposed to the following financial risks:

Interest rate risk

This is primarily due to fluctuations in interest rates relating to the Association's deposits. The Association's policy is to obtain the most favourable interest rates available. Information relating to the Association's interest rate exposure is disclosed in the notes on its deposits with banks.

A 1% increase or decrease in interest rate at the reporting date of each interest bearing financial asset and liability, assuming that all other variables remain constant, would not have a material effect on the Association's results and equity.

Liquidity risk

This is primarily due to fluctuations in the requirement for funds for the Association's operations and other activities. The Association manages liquidity risk by maintaining sufficient funds to enable it to meet its operational requirements.

The table below analyses the maturity profile of the Association's financial liabilities at the reporting date, based on expected contractual undiscounted cash flows:

	Total S\$	Within 1 year S\$	Within 2 to 5 years S\$
2022			
Lease liabilities	165,938	71,116	94,822

SINGAPORE DRAGON BOAT ASSOCIATION

NOTES TO THE FINANCIAL STATEMENTS - 31 MARCH 2022

18. FINANCIAL RISK MANAGEMENT (CONTINUED)

Liquidity risk (continued)

	Total S\$	Within 1 year S\$	Within 2 to 5 years S\$
2021			
Lease liabilities	23,705	23,705	-

Credit risk

This is primarily due to uncertainty in the recoverability of the carrying amounts of the Association's financial assets. The Association's exposure to credit risk arises primarily from trade and other receivables. For other financial assets, the Association minimises credit risk by dealing exclusively with high credit rating counterparties.

The Association manages credit risk arising from the rendering of services to customers through a credit evaluation process and regular monitoring thereafter. If customers are independently rated, these ratings are used. Otherwise, management assesses the credit quality of the customer taking into account its financial position, past experience and other factors. Compliance with credit limits set are regularly monitored.

At the reporting date there were no financial assets that were subject to more than immaterial credit losses where the expected credit loss model has been applied. The Association has applied the simplified approach to measure lifetime expected credit losses for trade receivables from customers. To measure expected credit losses, these receivables have been assessed based on shared credit risk characteristics and days past due. The Association considers historical observed default rates in determining expected credit loss provision rates.

Receivables are written off when there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment plan with the Association. The Association categorises a receivable for write off when a debtor fails to make contractual payment greater than an acceptable number of days past due based on historical collection trends. Where receivables have been written off, the Association continues to engage in enforcement activity to attempt to recover the receivables due. Where recoveries are made, these are recognised in profit or loss.

The following table provides information about the Association's credit risk exposure in relation to trade receivables from customers as at the reporting date:

	2022 S\$	2021 S\$
1 – 30 days past due	20,049	17,798
31 – 60 days past due	4,441	-
61 – 90 days past due	3,659	1,669
More than 90 days	5,422	-
	<u>33,571</u>	<u>19,467</u>

The Association had no significant concentration of credit risk with any customer or group of customers at the reporting date.

Impairment of financial assets was previously assessed based on the incurred loss impairment model. Individual receivables which were known to be uncollectible were written off by reducing the carrying amount directly. Other receivables were assessed collectively, to determine whether there was objective evidence that an impairment had been incurred but not yet identified.

Offsetting financial assets and financial liabilities

The financial instruments of the Association are not subject to any enforceable master netting arrangements or similar agreements.

SINGAPORE DRAGON BOAT ASSOCIATION

NOTES TO THE FINANCIAL STATEMENTS - 31 MARCH 2022

19. FINANCIAL INSTRUMENTS BY CATEGORY

The following table sets out the financial instruments as at the reporting date:

	2022 S\$	2021 S\$
Financial assets		
<i>Amortised cost</i>		
Trade and other receivables	52,193	41,597
Cash and cash equivalents	816,173	772,488
Financial liabilities		
<i>Amortised cost</i>		
Lease liabilities	160,471	23,617
Trade and other payables	133,666	141,902

20. FUND MANAGEMENT

The primary objective of the Association's fund management policy is to ensure that it maintains strong and healthy capital ratios in order to support its operations and potential initiatives.

The Association targets to maintain an optimum level of accumulated fund. This excludes restricted funds. The Association regularly reviews and manages its fund to ensure optimal capital structure, taking into consideration the future capital requirements of the Association and capital efficiency, projected income and operating cash flows.

The Management Committee closely monitors the funds of the Association. The Management Committee provides strategic direction on the long term financial and assets development of the Association.

The Association is not subject to externally imposed capital requirements.

The Association did not breach any gearing covenants during the financial year ended 31 March 2022. In the same period, no significant changes were made in the objectives, policies or processes relating to the management of the Association's capital structure.

21. FRS ISSUED BUT NOT YET EFFECTIVE

At the reporting date, the Association has not adopted the following standards that are relevant to the Association's operations:

<i>Description</i>	<i>Effective for annual periods beginning on or after</i>
Amendments to FRS 116: <i>COVID-19-Related Rent Concessions beyond 30 June 2021</i>	1 April 2021
Amendments to FRS 16: <i>Property, Plant and Equipment – Proceeds Before Intended Use</i>	1 January 2022
Amendments to FRS 103: <i>Reference to the Conceptual Framework</i>	1 January 2022

SINGAPORE DRAGON BOAT ASSOCIATION

NOTES TO THE FINANCIAL STATEMENTS - 31 MARCH 2022

21. FRS ISSUED BUT NOT YET EFFECTIVE (CONTINUED)

<i>Description</i>	<i>Effective for annual periods beginning on or after</i>
Improvements to FRSs (2018-2020)	
(a) Amendment to FRS 109 <i>Financial Instruments</i>	1 January 2022
(b) Amendment to FRS 116 <i>Leases (Illustrative Examples)</i>	1 January 2022
Amendments to FRS 1: <i>Classification of Liabilities as Current or Non-current</i>	1 January 2023
Amendments to FRS 1 and FRS 2 Practice Statement 2: <i>Disclosure of Accounting Policies</i>	1 January 2023

Management Committee expects that the adoption of the standards listed above will not have a material impact to the financial position and financial performance of the Association in the period of initial application.
