SRW 2023: Lifting of Beer Restriction

Dear SRW2023 Participants,

We hear your feedback and we have carefully considered the inputs from various teams to keep the tradition going for races.

After much consideration, we as the organisers, would like to inform all participating teams that the restriction on bringing beers into the venue will be lifted. Hence, there will not be any bag checks prior to entry. We would still like to remind teams to exercise consumption discipline and race discipline, should you be bringing your own alcoholic drinks.

As our F&B booth will be still selling snacks, we would like to seek your support for our food items.

With regards to the ice boxes/coolers, the following types of coolers indicated with the green ticks are acceptable. For any coolers that are left unattended, we would like to inform in advance that they will be discarded. Hence, we would like to seek your understanding and cooperation to remove the coolers after your race/event.

For teams whose coolers are not in the approved list that requires exception, please write in to jim.goh@sportshub.com.sg for approval. Your kind cooperation is greatly appreciated.

Ice Boxes

Thank you and have a good race in 2023!
