

THE CERTIFIED STEER

General Requirement

- 1) The Steer must either have the Small Crew Basic Helm (for DB12 boat only) or Basic Helm (for both DB12 and DB22 boats) certificate (the “Certified Steer”)**
- 2) The Certified Steer must always be in command of the boat and must have complete situational awareness at all times even if a Trainer/Coach is present inside the boat
- 3) The Certified Steer must always maintain awareness of the Lightning Warning
- 4) If necessary, the Certified Steer should maintain a frequent circuit to maintain sight of the LWS
- 5) The Certified Steer is required to bring their smart phones along and to monitor the weather conditions on the MyENV app
